Response to Amendment

1. The declaration under 37 CFR 1.132 filed August 16, 2006 is sufficient to overcome the rejection of claims 1-46 based upon the reference to Pomatto, et al (US Patent No. 6,572,572).

Reasons for Allowance

2. Claims 1-46 are allowed.

3. The following is an examiner's statement of reasons for allowance: none of the prior art of record disclose or fairly suggest utilizing a digitizer to substantially instantaneously capturing a three dimensional image of a head and to produce first data representative of the image, and providing one or more computers operable in response to the first data to automatically control manufacture of a wearable device for said head. Hence, and in view of the declaration filed under 37 CFR 1.132, in combination with all of the other elements of the claims that independent claims 1 and 24 allowable over Pomatto, et al (or any of the prior art of record), and since dependent claims 2-23 and 25-46 further restrict independent claims 1 and 24 respectively, they are allowable also for the same reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
